A Thank You to the Administration From the Class of 2024

Dr. Daly, Ms. Alonzo and Mr. Loprete,

The students of the graduating class of 2024 wanted to take a moment to express our sincere gratitude for all that each of you do for our school community. Your dedication, support, and hard work truly make a difference in our lives, and we want to extend our heartfelt thanks to each and every one of you.

Your commitment to providing us with a safe, inclusive, and nurturing learning environment does not go unnoticed. From ensuring that our campus is well-maintained to fostering a culture of respect and diversity, each one of you consistently prioritize our well-being and academic success and we could not be more grateful for that dedication.

As students of North Reading High School, we are privileged to be part of a community that is led by individuals as dedicated and passionate as you. Your commitment to our success motivates us to work harder, dream outside the box, and make the most of our time here. Once again, thank you for everything you do for us. Your impact on our lives is immeasurable and we are truly grateful for your continued support and dedication.

With heartfelt thanks, The Graduating Class of 2024

Mr. Loprete: As we, the graduating class of 2024, approach the end of our journey at North Reading High School, we find ourselves reflecting on the invaluable guidance, support, and leadership you've provided us throughout these impactful past four years. We wish to extend our deepest gratitude to you for your unwavering dedication to our school community as our principal. Beyond your administrative duties, you've gone above and beyond to create opportunities for us to thrive academically, socially, and personally. As we prepare to embark on the next chapter of our lives, we carry with us the lessons, laughs, values, and memories you've instilled in us. Mr. Loprete, please accept this thank you from the bottom of our hearts. Your guidance has shaped us into the individuals we are today, and for that, we will be forever grateful. May your future endeavors be as fulfilling and rewarding as the impact you've had on our lives here at North Reading High School.

Ms. Alonzo: On behalf of the entire class of 2024 at North Reading High School, we wanted to extend our sincerest gratitude to you for your unwavering dedication and support throughout our journey. Your guidance, encouragement, positive attitude and commitment to our success have left a mark on each one of us. Whether it was assisting with challenges, providing a listening ear during tough times, or simply offering a word of encouragement in the hallway, your presence has made a significant difference in our lives. As we prepare to embark on the next chapter of our lives, we will carry with us the valuable lessons you have passed on and the memories we have shared. Your belief in our potential has empowered us to set the bar high and pursue our aspirations with confidence. Thank you for being an extraordinary assistant principal and we are truly fortunate to have had this time with you.

Dr. Daly: As the class of 2024 approaches the culmination of our high school career, we find ourselves reflecting on the immense impact you've had on our educational experience. Beyond your role as superintendent, you have served as a mentor, role model, and friend to many of us. Your passion for education is clear and your belief in our potential has empowered us to push past our limits and pursue the next chapter of our journey with confidence and determination. As we prepare to leave these high school walls and venture out, we want to take this opportunity to express our deepest gratitude for everything you have done for us. Thank you for keeping us safe in and out of the classroom, your time and attention to our wellbeing does not go unnoticed. Thank you for your unwavering dedication, your reliable support and your profound impact on our lives. You have truly made a difference and we are forever grateful.

You're afraid of
seeing people you

You people watch at

You go on joy rides
around town when
you're bored

You get out of
breath walking up
the stairs

You "clean out" your
empty locker that you
haven't touched in 4 years

You know everyone in
your graduating class
by first and last name

Everyone has their

The highlight of your

THE FUTURE IS NOW

When ChatGPT hit the scene in November 2022, it still felt like the stuff of sci-fi films. But by fast of 2023, the artificial intelligence (AI) machine not only answered questions and assisted with writing prose, music, and code, it could also interpret descriptions to create images with automated graphic art, and other media.

As its developer, OpenAI, rapidly released new updates, people were able to upload images for the bot to analyze and respond to, such as instructions for how to assemble furniture or determine ingredients and recipes for photographs of meals and food. The bot also gained a voice in March 2023, so that users could speak to it and receive responses, like Siri and Alexa.

The proliferation of AI chatbots quickly brought concerns that it could replace human intelligence, spread misinformation, and eliminate jobs. Scholars, as well as businesses, educators, and policymakers, must consider the implications of a world filled with AI.

THIS YEAR'S
TOP STORIES

BYE-BYE DYE

California became the first state to ban four ingredients commonly found in highly-processed foods and linked to cancer, reproductive problems, and hyperactivity. Red Dye No. 3; brominated vegetable oil used in some sodas; potassium bromate, used in tortillas, pastries, and breads; and the preservative propylparaben will be banned starting in 2027.

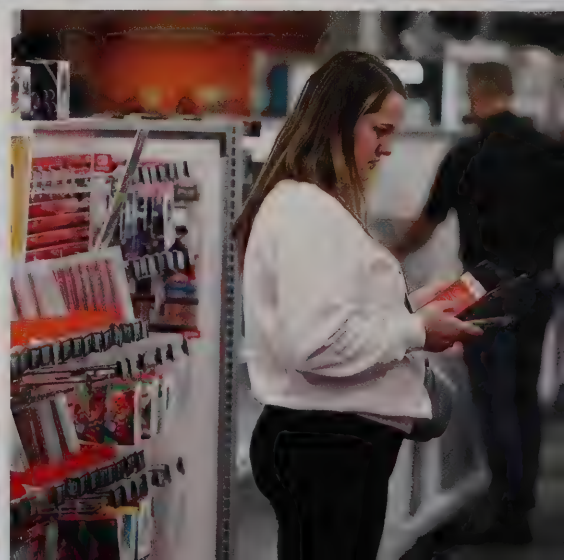

SMOKE SIGNALS

The last two weeks of June 2023 saw more than 500 wildfires raging in Canada, resulting in smoke blanketing New York, Pennsylvania, Michigan, and Ohio. Outdoor sporting events, festivals, and concerts were canceled or delayed, and many used face masks outdoors.

STRIKE THAT

Striking unions impacted productivity from Hollywood to Detroit, as movie, television, and automobile workers ceased working. On September 25, 2023, after 146 days on strike, the Writers Guild of America struck a deal that included wage increases and restrictions on outsourcing writing to artificial intelligence. After six weeks on strike, more than 40,000 United Auto Workers members returned to the line in late October 2023 in a deal that included wage increases.

FOR THE BIRDS

In November 2023, the American Ornithological Society announced its decision to rename 150 North American birds previously named for people. The Society resolved to name birds for their appearance or natural environment in an effort to disassociate the birds from the colonial explorers who documented their existence.

WAR IN UKRAINE

After almost two years of fighting, Ukrainian President Volodymyr Zelenskyy continued to build alliances with multiple countries that supported Ukrainians fighting Russia's invasion. The United States directed more than \$75 billion in assistance to Ukraine in humanitarian, financial, and military support in the war for Ukrainian independence.

HEADLINES

DVD DONE

With online streaming taking over the entertainment industry, Netflix announced in September 2023, that it would end its DVD-by-mail service that started making movie rentals easier in 1998. In October 2023, Best Buy announced that it would stop selling DVDs and Blu-ray discs by the end of the year to make more space for other items.

PRESIDENTIAL CANDIDATES

One year before the 2024 presidential election, the Democratic Party locked in its candidate with incumbent President Joe Biden. Republicans whittled the field down to two candidates after Mike Pence, Tim Scott, Chris Christie, Vivek Ramaswamy and Ron DeSantis bowed out. Remaining candidates heading into South Carolina's primary elections were former UN Ambassador Nikki Haley and former President Donald Trump. Polls following the December 2023 Republican debate showed 64% of Republicans favored Trump despite him not participating in debates.

ISRAEL DECLARES WAR

On October 7, 2023, a Jewish holy day and the Sabbath, Hamas forces in the Gaza Strip invaded and attacked Israel, leading to the death of more than 1,200 Jewish civilians, injuring 3,000, and taking more than 240 people — men, women, elderly, and children — hostage.

On October 8, 2023, Israel declared war on Hamas, and within days it began its air strikes and ground offensives in the Gaza Strip.

Humanitarian agencies worldwide pleaded for a cease-fire and aid for civilians after a month of assaults on Gaza resulted in Palestinian deaths. More than 100 hostages held in the Gaza Strip have been released.

SUPREME PIONEER

The first female Supreme Court justice, Sandra Day O'Connor, died on December 1, 2023, at the age of 93. O'Connor was appointed by President Ronald Reagan in 1981 and was the first woman on the highest court in the United States since its inception almost 200 years before. She championed moderate social conservatism and smaller government.

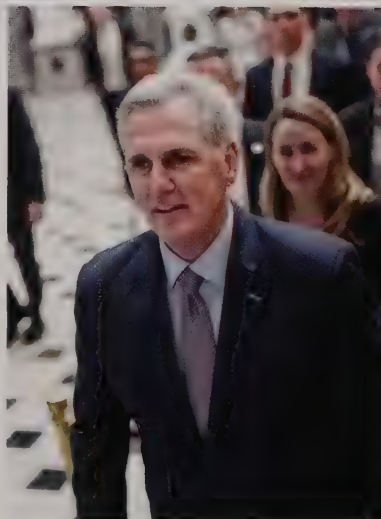

ADMISSION DECISION

On June 29, 2023, the U.S. Supreme Court reversed its ruling on affirmative action in college and university admissions, mandating that admissions criteria must be colorblind. The application process of two elite institutions, Harvard and the University of North Carolina, were examined for considering race as one of many factors in evaluating qualified applicants.

SPEAK OUT

After Speaker of the House Kevin McCarthy, struck a deal with Democrats to avert a government shutdown, Representative Matt Gaetz led the vote to oust McCarthy from his speakership in a historic first-of-its-kind moment. After 22 days without a speaker, Republican Representative Mike Johnson was voted in as the 56th speaker of the House on October 25, 2023.

COMMON THREADS

When Meta's new social media platform, Threads, made its debut in July 2023 by posting a link on Instagram, 100 million people joined within the first five days. Its success was attributed to its promise to be friendlier than X (formerly Twitter) and easier to share across multiple platforms. But within six weeks, users dwindled to 10 million, and celebrity posts quickly faded.

DOORDASH CASH

DoorDash, the delivery app that hired independent contractors, called “dashers,” announced in November 2023 not tipping for deliveries could cause longer wait times for orders. Although the company paid its drivers between \$2 and \$10 per delivery, dashers could choose which deliveries to take and were quicker to choose those with tips.

SHELTER STRUGGLE

With more than 116,000 migrants arriving in New York City since April 2022, and more than 19,000 migrants arriving in Chicago since August 2022, the two sanctuary cities struggled to provide shelter and care for people being bussed from the southern border.

LEARNING CURVE

Nearly two years after most American schools returned to in-person learning and traditional school-day schedules, home-schooling was still on the rise in the U.S. With 4.3 million children learning at home, public schools saw a 4% drop in enrollment, while home-schooled students increased by 51% over the past six years, and private schools saw a 7% increase in enrollment.

STUCK IN THE MUD

After 0.8 inches of rain in just 24 hours pelted the Burning Man Festival in the Nevada Black Rock Desert on September 2, 2023, a sloppy mess trapped nearly 80,000 activists, artists, and musicians as more than a foot of mud closed roads. Stuck partygoers conserved food and supplies without working toilets.

TENNIS NO. 1

Serbian Novak Djokovic beat Russian Daniil Medvedev on September 10, 2023, in the U.S. Open final, matching Margaret Court's record for the most Grand Slam titles won — 24 in total. Djokovic is the only tennis singles player to be ranked No. 1 at least once in a year for 13 different years.

THROUGH THE PORTAL

Changes to NCAA transfer rules allowed athletes to enter the portal and transfer to a new team without sitting out a season, making the move popular with college athletes. After the University of Colorado hired Deion "Coach Prime" Sanders as head football coach, the team netted 51 players and was ranked the number one transfer portal class for the 2023 season.

RAPINOE RETIRES

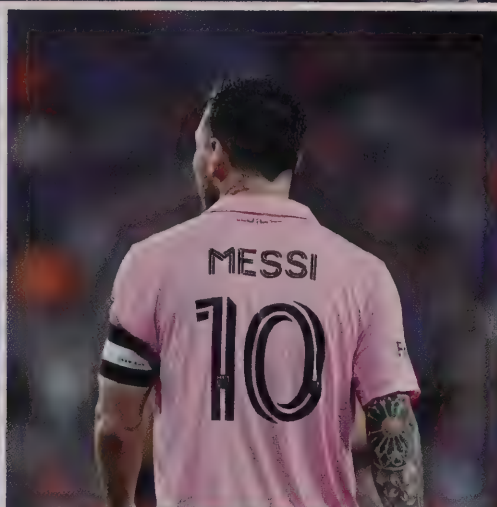

Soccer player Megan Rapinoe retired at age 38 in September 2023, just one month after the U.S. Women's National Team was eliminated from the FIFA Women's World Cup after being favored to win. Rapinoe played in four Women's World Cups, was on the 2012 Olympic gold medal-winning team, and was known for her activism that pushed women's soccer to parity with men's soccer in 2023.

HUSKER BLOCKBUSTER

The University of Nebraska Cornhuskers set a record on August 30, 2023, for the largest crowd in the world in women's sports event. 92,000 fans flooded the stands of Memorial Stadium, home to their football team, to watch women's volleyball. The program had previously sold out 200 consecutive matches, with volleyball enjoying significant popularity in Lincoln.

A NEW JERSEY

When international soccer superstar Lionel Messi announced his move to Major League Soccer (MLS) to play with Inter Miami, Adidas scrambled to produce enough soft pink number 10 jerseys to meet the orders of half a million stores and suppliers. Within six months of winning the 2022 World Cup with Argentina, Messi made the Pantone 1895c jersey the hottest Adidas soccer jersey in North America.

GO COCO

On September 9, 2023, Coco Gauff became the first American teen to win the U.S. Open since Serena Williams in 1999. Gauff beat Aryna Sabalenka of Belarus in three sets.

DON'T MESS WITH TEXAS

The 2023 Major League Baseball (MLB) World Series-winning Texas Rangers won the title for the first time in their 63-year franchise history. They had been the oldest MLB team lacking a World Series championship until November 1, 2023, when they beat the Arizona Diamondbacks 5-0 in Arizona in the fifth game of the best-of-seven series.

TEAMING UP

With the expansion of three NCAA conferences — the Big 10, Big 12, and Southeastern Conference (SEC) — mega conferences were planning their debut in fall 2024. The three power conferences would encompass 50 schools and colleges in 30 states and would span four time zones, increasing college athletes' competition and travel time.

E-BIKE SPIKE

Electric bikes, known as e-bikes, grew in popularity in 2023, with many exceeding 20 miles per hour, which is the legal limit for teens in most states. As e-bike accidents increased among youths, concerns rose about the bikes being too fast for sidewalks and too slow for street traffic, as well as dangerous for young riders who had less road and driving experience.

HEAVY MEDALS

Just three years after walking away from the Tokyo Olympics, 26-year-old Simone Biles became the all-time most decorated athlete at the 2023 World Gymnastics Championship, where she won her 37th medal — a gold in the all-around finals. She was also honored for being the first to successfully perform a Yurchenko double pike; the skill was officially renamed “Biles II” — the fifth skill named for her.

ACED IT

The Las Vegas Aces secured a historic place in Women's National Basketball League (WNBA) history on October 19, 2023, when they beat the New York Liberty 70–69 to become back-to-back champions.
